USD 

HOW USDex WORKS ?

Step 1: Use fiat currency to buy **USDex** from **NEEBank**.

Step 2: **NEEBANK** issues a similar **USDex**. Each USDex is secured in a one-to-one ratio to US dollar that you deposit

Step 3: Users exchange, trade or shop using **USDex** in their account

Step 4: in case users do not want to hold **USDex**, they can sell their **USDex** in exchanges or to anyone of their choosing.
Or exchange cash directly from **NEEBanker - NEEBank's** agents

USDex

PROPERTIES OF USDex

LEGALLY PROTECTED

Strong legal proof and authentication is regularly sent to token's owners via their deposit accounts

REDEEMABLE INTO US DOLLAR

This stablecoin is redeemable after checking **KYC** and it can be exchanged into **US dollar**

REGULAR AUTHENTICATION

Deposit accounts are separate IDs evaluated regularly by **NEEBank** to ensure the confidentiality of the system..

TRUSTWORTHY FUND MANAGEMENT

The Agents of USDex can access directly into funds instead of managing their funds via deposit accounts, which reduce intermediaries in performing transactions and raise the level of information confidentiality, using Blockchain.

FULLY RESERVED

This coin is fully backed by **US dollar**, held in **NEEBank**. It ensures the one-to-one ratio between **USDex** and **US dollar**.

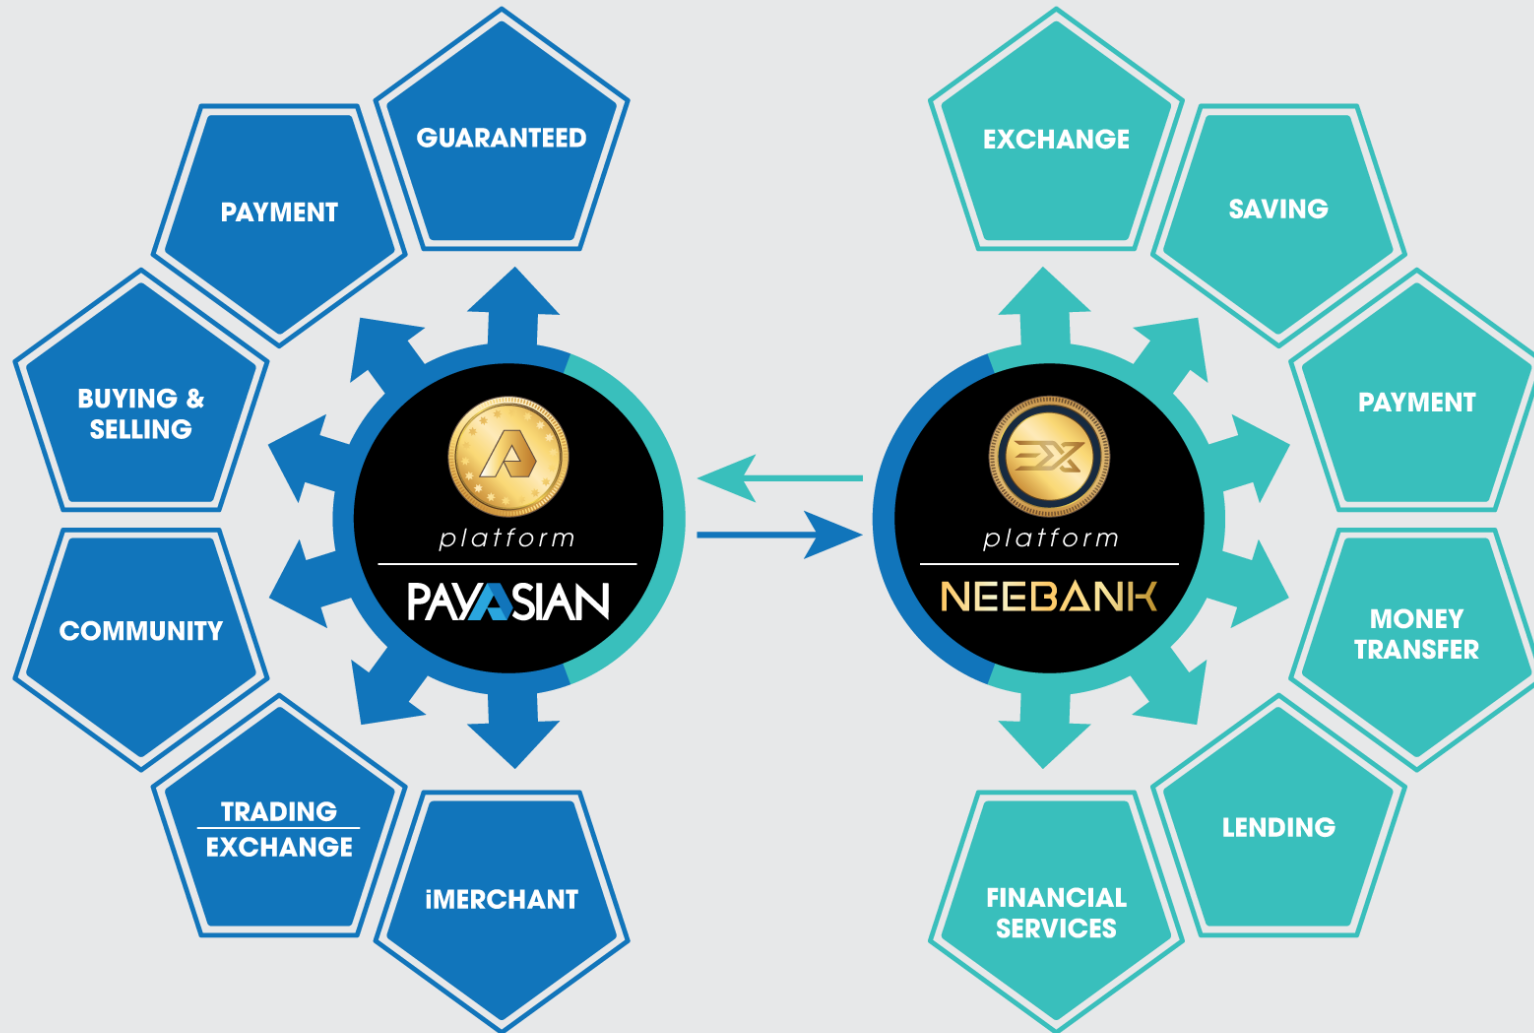

USD
